ComSIA-2027
International Conference on Computing Systems and Intelligent Applications

Organized **by School of Open Learning, University of Delhi & Shaheed Rajguru College of Applied Sciences for Women, University of Delhi**
5-6th March 2027.

********** CALL FOR PAPERS **********

SPECIAL SESSION ON
Emerging AI, Secure Computing and Sustainable Digital Transformation

SESSION ORGANIZERS:
Dr. Kavita Dattu Mahajan, Assistant Professor, MAEER's MIT Arts Commerce Science College, Pune, Maharashtra, India, kdmahajan@mitacsc.ac.in.

Sheetal Shevkari, Assistant Professor, MAEER's MIT Arts Commerce Science College, Pune, Maharashtra, India, ssshevkari@mitacsc.ac.in.

SESSION DESCRIPTION:
The special session on *Emerging AI, Secure Computing and Sustainable Digital Transformation* aims to explore recent advancements and innovative research in Artificial Intelligence (AI), cyber security, intelligent computing, and sustainable digital technologies. This session provides a multidisciplinary platform for researchers, academicians, industry experts, and practitioners to discuss emerging trends, challenges, and real-world applications in secure and intelligent digital ecosystems. The session focuses on AI-driven solutions, secure computing frameworks, smart automation, cloud and edge computing, data privacy, sustainable technologies, and digital transformation strategies that contribute toward building resilient, secure, and sustainable smart societies aligned with global development goals.

RECOMMENDED TOPICS:
Topics to be discussed in this special session include (but are not limited to) the following:

- Artificial Intelligence and Machine Learning Applications
- Secure Computing and Cyber Security Technologies
- Sustainable Digital Transformation and Smart Systems
- Intelligent Communication and Networking Technologies
- Cloud, Edge and Green Computing

- Internet of Things (IoT) and Smart Infrastructure
- Data Analytics, Big Data and Predictive Intelligence
- Blockchain and Secure Digital Ecosystems
- AI for Sustainable Development Goals (SDGs)
- Cyber Threat Intelligence and Digital Forensics
- Smart Cities, Smart Healthcare and Intelligent Automation
- Ethical AI, Privacy and Data Protection
- Quantum Computing and Future Communication Systems
- Deep Learning and Autonomous Intelligent Systems
- Sustainable Computing for Industry 5.0 Applications

PUBLICATION AND CONFERENCE HIGHLIGHTS:

- All accepted papers (after double-blind peer review) will be published in the proceedings of ComSIA-2027 (Scopus indexed).
- Extended versions of accepted papers will be considered for special issues of SCI/Scopus/WoS/DBLP/ACM/EI indexed journals.
- Reputed publishing houses are associated with the conference, including Springer, Elsevier, Inderscience, IEEE, Bentham Science, IGI Global and others.
- Eminent international and national keynote speakers will deliver lectures on the latest innovative technologies.
- Papers that avail a conference discount offer will not be considered as Special Session papers.

SUBMISSION PROCEDURE:

Researchers and practitioners are invited to submit papers for this special theme session on **Emerging AI, Secure Computing and Sustainable Digital Transformation*on or before*[insert due date]**. All submissions must be original and may not be under review by another publication. INTERESTED AUTHORS SHOULD CONSULT THE CONFERENCE'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at https://comsia.in/paper_submission.html. All submitted papers will be reviewed on a double-blind, peer review basis.

NOTE: While submitting paper in this special session, please specify **Emerging AI, Secure Computing and Sustainable Digital Transformation** at the top (above paper title) of the first page of your paper.
