

ComSIA-2027

International Conference on Computing Systems and Intelligent Applications

**Organized by School of Open Learning, University of Delhi & Shaheed Rajguru
College of Applied Sciences for Women, University of Delhi
5-6th March 2027.**

******* CALL FOR PAPERS *******

SPECIAL SESSION ON

AI, Computer Vision, and Biometrics: Intelligent Systems for Future Applications

SESSION ORGANIZERS:

Dr. Punam Kumari-HoD-Smart Technologies
Amity School of Engineering & Technology
Department of Computer Science & Engineering
Amity University Bengaluru, Karnataka, India
pkumari@blr.amity.edu

EDITORIAL BOARD: (Optional)

[Name, University or Organization, Country, e-mail]

SESSION DESCRIPTION:

This special session aims to bring together researchers, academicians, and industry professionals to present recent advances in Artificial Intelligence (AI), Computer Vision, and Biometric Technologies for developing intelligent, secure, and human-centric systems. The session will focus on novel algorithms, deep learning models, multimodal biometrics, explainable AI, and real-world applications across healthcare, smart cities, cybersecurity, and intelligent surveillance. It provides a platform to discuss emerging trends, challenges, and future directions in next-generation AI-enabled vision and biometric systems.

RECOMMENDED TOPICS:

Topics to be discussed in this special session include (but are not limited to) the following:

1. Deep Learning and Machine Learning for Computer Vision
2. Image Processing and Pattern Recognition
3. Face, Fingerprint, Iris, Periocular, and Multimodal Biometrics
4. Explainable AI (XAI) and Trustworthy AI for Vision Systems
5. Agentic AI and Autonomous Intelligent Systems
6. Medical Image Analysis and Healthcare Applications
7. Biometric Security, Privacy, and Anti-Spoofing Techniques
8. Edge AI, IoT, and Real-Time Vision Applications
9. Generative AI and Vision-Language Models

10. AI Applications in Smart Cities, Surveillance, and Human-Computer Interaction

SUBMISSION PROCEDURE:

Researchers and practitioners are invited to submit papers for this special theme session **AI, Computer Vision, and Biometrics: Intelligent Systems for Future Applications** *on or before 30th JULY 2026*. All submissions must be original and may not be under review by another publication. INTERESTED AUTHORS SHOULD CONSULT THE CONFERENCE'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at https://comsia.in/paper_submission.html. All submitted papers will be reviewed on a double-blind, peer review basis.

NOTE: While submitting paper in this special session, please specify **AI, Computer Vision, and Biometrics: Intelligent Systems for Future Applications** at the top (above paper title) of the first page of your paper.
