ComSIA-2027
International Conference on Computing Systems and Intelligent Applications

Organized **by School of Open Learning, University of Delhi & Shaheed Rajguru College of Applied Sciences for Women, University of Delhi**
5-6th March 2027.

********** CALL FOR PAPERS **********

SPECIAL SESSION ON
AI Agents and Emerging Technologies in Artificial Intelligence

SESSION ORGANIZERS:
Dr. Lokesh Jain, Associate Professor, Vivekananda Institute of Professional Studies - Technical Campus (VIPS-TC), Delhi, India, email: nsitlokesh.jain@gmail.com

EDITORIAL BOARD: (Optional)
NA

SESSION DESCRIPTION:
The session will provide a broader understanding of the rapidly evolving landscape of AI Agents and emerging areas of Artificial Intelligence, covering the transition from traditional AI and Generative AI toward autonomous and intelligent systems. It will explore Agentic AI, LLM-based agents, multi-agent systems, RAG, MCP, AI automation, multimodal AI, AI-powered robotics, and autonomous decision-making. The session will highlight how AI agents can perceive information, reason, plan tasks, use external tools, collaborate with other agents, and execute complex workflows with minimal human intervention. Participants will also gain insights into emerging research directions, real-world applications, opportunities, challenges, responsible AI, and the future impact of AI across education, research, healthcare, business, cybersecurity, and industry.

RECOMMENDED TOPICS:
Topics to be discussed in this special session include (but are not limited to) the following:

- Intelligent Systems for Smart Education and Personalized Learning
- Autonomous Decision-Making in Healthcare and Clinical Applications
- Generative AI for Cybersecurity and Digital Forensics
- Intelligent Solutions for Smart Cities and Sustainable Development
- Autonomous Systems for Transportation and Smart Mobility

- AI-Driven Financial Intelligence and Risk Management
- Generative AI for Scientific Research and Knowledge Discovery
- Intelligent Automation for Software Engineering
- AI-Powered Business Process Automation and Enterprise Intelligence
- Generative AI for E-Governance and Citizen-Centric Services
- Intelligent Manufacturing and Industry 5.0
- AI for Climate Change, Environmental Monitoring and Sustainability
- Social Media Intelligence, Misinformation and Trustworthy AI
- Multimodal Intelligence for Real-World Applications
- Human–AI Collaboration and the Future of Intelligent Systems

SUBMISSION PROCEDURE:

Researchers and practitioners are invited to submit papers for this special theme session on **[AI Agents and Emerging Technologies in Artificial Intelligence]** ***on or before*** **[insert due date]**. All submissions must be original and may not be under review by another publication. INTERESTED AUTHORS SHOULD CONSULT THE CONFERENCE'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at https://comsia.in/paper_submission.html. All submitted papers will be reviewed on a double-blind, peer review basis.

NOTE: While submitting paper in this special session, please specify [**AI Agents and Emerging Technologies in Artificial Intelligence**] at the top (above paper title) of the first page of your paper.
